COURT OF COMMON PLEAS. Before Judge Patterson

In the case of Thomas Furniss vs. H. N. Breneman, the defendant was called and he corroborated Sensenig in regard to the note being made to accommodate Furniss, who desired to be Grissinger's clerk; witness also understood that he was to incur no liability by endorsing the note.

In rebuttal Furniss was called and he testified that the first he saw of this check was when Kendig brought it to him and told him to take it. He took it, as Mr. Breneman's name was on it as endorser. Previous to this Sensenig had asked him whether he would take Kendig's check : he said he would not; Sensenig then asked him whether he would take it if Breneman would endorse it; he said he would, and did take it as payment of taxes.

H. S. Kendig was recalled and he testified that Breneman came to him and told him if he (Kendig) did not pay the check he would have to do so. This was denied by Breneman who stated in sur-rebuttal that he never said he would have to pay it. Steve Grissinger was called, who stated that Furniss came to him in August of that year and asked him to sign a paper agreeing to pay Sensenig \$2000 in case of his election and to make him (Furniss) his

clerk. This he refused to do. The case was given to the jury shortly before 12 o'clock to-day when they retired and rendered a verdict in favor of the defendant.

Wisner and George Wall, the rule for a new trial was discharged. Before Judge Patterson.

In the case of John M. Hershey vs. Geo. H. Moore, the jury after being out from yesterday forenoon until this morning at 2 o'clock, returned a verdict in favor of the defendant.

Abraham E. Long and Susan Long vs. Pennsylvania railroad company. The plaintiffs are the owners of a farm situated on the line of the defendant's railroad, near Bird-in-Hand. In 1877 the road line was straightened and repaired, and therefore cut into their land, damaging it, as they allege, to the amount of \$2,000 by making excavation embankment and by interfering with their use to a private road. On trial. Writ Dissolved.

Cutting Ice-

The ice harvesters are at work to-day cutting ice from the ponds in the suburbs of the city. The first load that came under our notice was cut from Hersbey's pond out Hazel street. It was about six inches in thickness and was intended for George R. Erisman.

The Conestega is frozen over, but the ice is not yet of sufficient thickness to make cutting safe or profitable.
